

Beverly Beehive

Members of Beverly's Emergency Squad Honored

At the March 12, 2013 meeting of Beverly City Common Council, two members of the Beverly Emergency Squad, were recognized: Cindy Borden as EMT of the year 2012 and Andrew Baldinger, as president of the origination for the past ten years.

The Squad, which was the Beverly-Edgewater Park Emergency Squad at its inception over sixty years ago, is an all volunteer squad, with 67 member.

Squad Captain, Paul Bush, said that squad responded to 24 of 28 calls in February, with an average response time of 5 minutes and 58 seconds, lower than the national average of nine minutes. The squad now serves only Beverly

The text of Mayor Randy Miller's presentation is found in the honoree articles on this page.

Other photos from this event are on page 4 of this issue.

Andrew Baldinger, Awarded for Serving as President of Past 10 Years at Beverly EMS

Andrew (Buck) Baldinger started his career in EMS at the age of 16 as a firefighter and EMT at Rancocas. He has been with Burlington Township Fire Dept for the past 15 years and he has been with our squad since 1994. Buck has served as president of our organization for the past ten years. His dedication to our squad and our community is matched by his kindness and care to all.

We are proud to have Andrew as our squad member and family. Thank you for all you have done for us!

Congratulations!

Beverly Mayor Randy Miller, with Andrew Baldinger, holding his award as 10-year EMS president.

Cindy Borden, Awarded as 2012 EMT of the Year

The EMT of the Year award is presented annually to an EMT who has contributed most significantly to EMS at the community, state and/or national level. We are proud to announce that our very own resident, Cindy Borden has received this prestigious award.

Cindy's love of helping her community started when she was quite young. She was the youngest person to be nominated for volunteer of the Year in Philly for the work she did in the community against drugs. She also worked with the anti-graffiti network to help kids direct their talents in a positive format.

Cindy moved to NJ in 1995 and became a firefighter the following year with Beverly Rd Fire Company. She joined Beverly City Fire

Beverly Mayor Randy Miller, presenting award to Cindy Borden as EMT of 2012.

department in 2000 (Hope Hose 122).

Cindy joined Beverly EMS in 1999 as a first responder after her son, Justin, had an episode where he stopped breathing. Two officers from the Beverly City police department came and saved Justin - Pete Alfinito and Tom Merino. In 2004 she became an

EMT. During her time at the squad she has had numerous roles: Secretary, Vice President, President, 1st Lieutenant, 2nd Lieutenant, Captain, Deputy Chief, and Chief. She is a life member of the Beverly Squad.

We thank you Cindy for your continuous service to our community and congratulations!

Preparing Your Home for Spring—Preparing Your Town For Spring

by Jackie Bryant

Last month, we talked about getting our garden ready for spring. This month, we will focus on some things we can do to prepare our homes for spring. From the interiors of your home to the exterior, getting your home ready for spring will ensure you'll be ready to enjoy the warmer weather once it hits. Remember to space out your maintenance jobs and by the time spring is here, you'll be able to enjoy the season! Here are some suggestions from Freshome Design & Architecture on getting our homes ready for spring.

- Start on your exterior: The outside of your home has taken more wear and tear from the harsh winter, than the

interior so start here. Walk around your home and examine caulking around windows and doors, as well as open windows and doors and look at weather stripping. Replace old or cracking caulk and replace weather stripping. Inspect the roof for broken or missing shingles, or tiles, and clean out gutters and downspouts at the same time.

- Landscaping tips: While it may not be time for you to start planting flowers and watering your lawn, it isn't too early to ensure you will have your garden hoses, walkways, and adjacent areas to your landscaping ready. Replace cracked or old garden hoses, and rake away leaves, tree limbs and debris from

sidewalks, plant beds and surrounding areas. If you no longer have snow in your area, now is a good time to start planning out your spring landscaping ideas and lawn care maintenance regimen. Pressure wash concrete and paver areas that have become dirty and power wash vinyl siding, brick walls and vertical surfaces on your home if need be.

- Check your interior systems: The fall and spring are the two most important times to review your home's major HVAC – heating, ventilation, air conditioning systems. Make sure air filters have been replaced or cleaned and stock up on new air filters if you use disposable one. Check your air conditioner before the summer to make sure it's in good working order. If you need to have a service person look at it now, it will be a lot less expensive than 3 months from now

- Interior spring cleaning: By now your windows, inside and out could use a cleaning. You will be surprised by how much you can see out your windows,

once they are cleaned. Clean off ceiling fans, and clean out fireplaces from use over the winter. Test your emergency systems in your home: home alarm, smoke fire alarm, fire extinguisher, and carbon monoxide alarms to make sure they are working properly. Most homeowners forget to test these regularly; fall and spring maintenance time is a perfect opportunity to ensure they're in good working order.

Preparing your home for the spring is rewarding now, and 3 months from now! Spring maintenance is a good idea for everyone, and even more important if you're considering putting your home on the market soon. Home buyers want to ensure that all systems have been well attended and taken care of before buying a home. If you're concerned you will miss something, hire a professional home inspector – they will cover the entire home from top to bottom! What are you waiting for? Get started.....remember, spring is just around the corner!

Beverly City Police Report

The City of Beverly Police Department responded to a total of 353 incidents for the month of February 2013. They are broken down in the following manner:

| | | | |
|-----|--|----|------------------------------------|
| 250 | General Complaints | 5 | Motor Vehicle Accidents |
| 3 | Domestic Investigations | 22 | Medical Emergencies |
| 12 | Criminal Investigations | 15 | Activated Alarms |
| 12 | Cleared Criminal/Domestic Investigations | 1 | Abandoned 911 |
| | | 88 | Motor Vehicle Stops |
| 14 | Non-Criminal Investigations | 14 | Arrests (11 Warrants, 12 Criminal) |

EMS Squad at March City Council

Beverly EMS Squad volunteers listen to the presentation of awards to Andrew Baldinger, for his ten years of service as president and to Cindy Borden as EMT of the year 2012.

Beverly EMT Distributes File of Life Pockets

John Fine, Beverly EMS Precident, distributes File of Life folders at the March Council meeting.

With the File of Life system, you record all pertinent medical information on a card, and keep it in a red plastic pocket labeled FILE OF LIFE.

The packet is by a magnet to the outside of the refrigerator, where it will be handy should you need emergency medical assistance or need to go to the hospital in a hurry.

File of Life pockets are available at Beverly City Hall, 446 Broad Street, Beverly.

BEVERLY CITY COMMUNITY CLEAN-UP DAY

SATURDAY - May 18th, 2013

Time: 8am - 12pm

Staging location: Broad Street at playground across from City Hall.

RESIDENTS OF BEVERLY ARE BEING ASKED TO ONCE AGAIN JOIN IN A DAY OF COMMUNITY PRIDE BY CLEANING UP THEIR PROPERTIES AND CURBS. VOLUNTEER GROUPS WILL BE SPANNING OUT THROUGH THE TOWN TO CLEAN UP PUBLIC SPACES, STREETS AND PLAYGROUNDS. SUPPLIES AND INSTRUCTIONS WILL BE PROVIDED.

Light refreshments will be provided. Clean Community Tee Shirts for first time volunteers will be handed out. For past volunteers, don't forget to wear your Clean Community Tee Shirts.

Volunteer registration forms will be available at City Hall. Volunteers are asked to sign up prior to May 10th. Youth groups, scout troops, 4H clubs, etc., are encouraged to sign up!

CLEAN COMMUNITY WILL MARCH IN THE MEMORIAL DAY PARADE!

All clean community volunteers are invited to participate in this year's Memorial Day Parade. We will wear our clean community Tee-shirts. Children are encouraged to participate. We will have permissions slips available for parents to complete prior to the parade. More details to follow!

Mosquito Control

by Becky Carlbom

It's spring and that means mosquito season is upon us. From April through November people in the county need to be proactive against the biting insects. The greatest threat from their painful bite is the West Nile Virus and about 36 people in Burlington County were diagnosed with the disease last year. According to the county 95 percent of the local mosquitoes are hatched in back yards in standing water. Female mosquitoes stay close to where they were born (in water), because they use that same standing water to lay their eggs after they bite you. If people are diligent and remove every ounce of standing water in their yards they can stop mosquitoes from hatching. Residents should:

- Get rid of any unnecessary items on your property that can hold stagnant water, such as old tires. Empty water from buckets, toys and containers, boats and canoes. Make sure your dry-docked boat's drain is open and is not holding water. Keep your canoes and kayaks stored upside-down.
- Drill holes in the bottoms of recycling bins and trash cans and keep containers covered.
- Drain (or treat with BT) birdbaths, fountains, wading pools, plant pots and drip trays twice a week.
- Clean out your gutters and fix gutters that sag or do not drain completely. Check for areas of standing water on flat roofs.
- If you have a swimming pool, outdoor sauna, or hot tub, make sure rainwater does not collect on the cover.
- Clear vegetation and trash from any drains (including curbside storm drains), culverts, ponds or streams on your property.
- Keep grass cut short and trim shrubs to minimize hiding places.

- Check for standing water in your basement.

- Attract mosquito eating birds to your yard by hanging suet now.

Complete control of mosquitoes results from removing water or treating it with biological products and horticultural oils. In ponds gambusia fish, bluegills, minnows and copepod crustaceans eat mosquito larvae. Some helpful products you can purchase include mosquito dunks or BTI a natural product that kills mosquito larvae in the form of Dunks or pellets can be placed anywhere that water tends to gather and is not harmful to birds or other wildlife. Some people believe non toxic products like Avon's

Skin So Soft and other natural oils keep the mosquitoes from biting.

If spraying the air to try to repel or kill mosquitoes is required, there are highly effective non-toxic alternatives. They include garlic oil, cedar oil, mint oil, orange oil, and cinnamon – just to mention a few. There is extensive research on these products and techniques. If you see standing water in your neighborhood or in an abandoned yard notify city hall immediately.

Remember mosquitoes can hatch from a bottle cap of water. Keep your yard dry! Websites that can help are dirtdoctor.com and whyy.org/cms/yoube-tyourgarden.

School construction will begin March 25th and should be completed by April 8th. It will include a new wheelchair accessible ramp, new cameras and intercom system, an additional set of locking doors in the vestibule, and a new reception sliding window for visitors to sign in. These upgrades will not only enhance the appearance of the school but will also improve security. If you need to visit the school during construction, please enter the building by the cafeteria entrance under the overhang located further down Bentley Avenue.

If you are interested in joining the Beverly City School PTA, please contact the PTA at beverlycitypta@beverly.k12.nj.us. Dues are \$6.

At the February meeting of the Board of Education, Mary Ellen Knudson was sworn in as a new member of the board. As always, members of the public are invited to attend the Board of Education meetings, the next of which will be Wednesday, April 17th at 7 pm. We hope to see you there!
