

Beverly Police Department
City of Beverly
446 Broad Street
Beverly, NJ 08010

A component of our Community Watch Program is our Video Surveillance Camera Registration. Video surveillance is one of the best methods for apprehending criminals and convicting suspects who are caught in the act of committing a crime. Installing video surveillance is a great example of community-police partnerships and is something we value highly as a police department.

Whether you have a business or you are an individual, you can participate in this program. Should a crime occur in or near an area where your cameras are installed, we would like to contact you to determine if your footage could help in our investigation. We have been very successful in the past few years with the video surveillance systems we currently have access to but we would like to expand our view of our community. To participate please call the tipline at (609) 747-4090 or submit the form electronically on our Department's website. This is a voluntary program and your information will be kept confidential.

What should you do if you have information that may be helpful in an investigation? You can phone your tips into our tipline at (609) 747-4083 or report the information via email at tips@thecityofbeverly.com. We are also in the process of update our Department website to provide other useful information. Please visit <http://thecityofbeverly.com/police-department> for more information.
