

CITY OF BEVERLY
FRANK R. COSTELLO MUNICIPAL BUILDING
446 Broad Street
Beverly, NJ 08010

Dear Pet Owner,

It's almost that time of year again to renew your annual pet license for the year 2021. Enclosed for your convenience, please find a pet license application.

Please note that in order to successfully renew your pet license, **rabies vaccinations must be valid through November 2021**. If your pet is unable to get an updated rabies vaccination due to medical concerns, please submit a medical exemption form from your vet in lieu of a new vaccination certificate.

Due to safety concerns regarding the ongoing pandemic, the City of Beverly will not be holding its annual rabies clinic in January. For this reason, the licensing period will be extended through the end of February to allow residents additional time to obtain new rabies vaccinations if necessary. Late fees will be applied beginning March 1st.

Please return completed applications via mail at the above address, or by utilizing the yellow dropbox in front of the Municipal Building. Along with the application, please include copy of your pet's updated rabies vaccination certificate (if applicable), copy of spay/neuter certificate (if applicable), and check made payable to the "City of Beverly" in the appropriate amount (please see enclosed application for fees). Please also include a self-addressed and stamped envelope so your license may be mailed back to you.

PLEASE DO NOT SUBMIT YOUR RENEWAL APPLICATION PRIOR TO JANUARY 1ST. The licensing system is unable to process renewals until the start of the new year. All applications and payments received prior to January 1st will be returned.

If you have any questions regarding the licensing process, please contact the City Clerk at 609-747-4084.

Thank you!
